

Benicàssim, naturally

In Benicàssim you can get out on the bike on its cyclo-tourism route or sail along its coasts in one of the boats from the Sailing School. Whether you prefer to go it alone or engage in team sports, compete or simply enjoy your favourite pastime, in Benicàssim you can do it all in an unbeatable natural setting.

active tourism

active tourism

Benicàssim enjoys both excellent weather conditions and accessible landscapes, which means it offers visitors a range of sports activities all year round. Whether you prefer indoor sports or like to get out into nature via your sport of choice, Benicàssim is the place for you.

Benicàssim 

CYCLO-TOURISM ROUTE

Benicàssim has a 16km circular cyclo-tourism route that will take you through all of the natural beauty spots and viewpoints. With hardly any gradient, it is suitable for old and young alike. It also has a number of resting points along the way where you can take five, or simply stop and enjoy the natural surroundings.

VÍA VERDE DEL MAR “GREEN WAY”

The old railroad that used to connect Benicàssim and Oropesa del Mar has been transformed into what is called a “Green Line”. Dotted throughout Spain, these routes are great for walkers and cyclists alike. Extending for nearly 6km, this path will take you through Benicàssim’s contrasting coastal landscapes.

As well as resting spots and panoramic views, the route runs through a Site of Community Importance: the area around Colomera tower is home to a flora and fauna microreserve devoted to preserving the biodiversity of native species.

SAILING SCHOOL

Located at Els Terrers beach, its facilities are fully-equipped for light sailing, windsurf and kayaking.

Opened in the mid eighties, the centre was the first sailing school established by the Generalitat Valenciana, the independent government of the Valencian Community.

It offers possible boarding school-type accommodation at the youth hostel Argentina ((+34) 964 558 400).

OTHER ACTIVITIES

You can also enjoy other sport activities, like bike hire, a grass football pitch, high performance gym, paddle tennis courts, tennis, pelota...

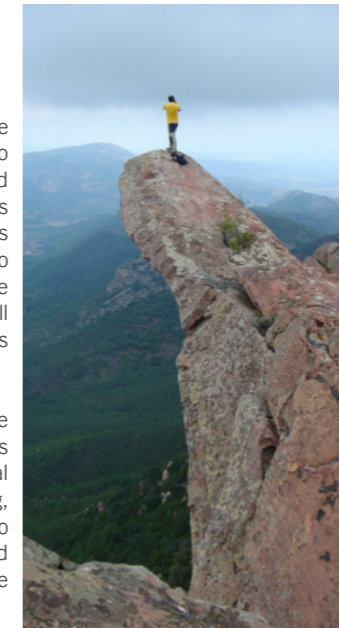

ROUTES THROUGH THE NATURAL PARK

Some short kilometres away from Benicàssim is the Desierto de las Palmas Natural Park which, contrary to what its name might suggest, is rich in flora, fauna and fascinating geological formations. Beyond the obvious possibilities for ecotourism, a cultural element is added when you think that this site has been home to mankind since the Neolithic period. We also find the monastery of the Carmelite monks, Miravet Castle, Vell Castle, Montornés Castle and St. Mary Magdelene’s chapel.

With ten walking routes and three mountain bike routes to choose from, visitors can enjoy Benicàssim’s heritage against a stunning backdrop. The geological formation of this natural park is particularly interesting, with sandstone, limestone and slates combining to give this landscape both its characteristic colour and its marvellous blooming which, in turn, explains the proliferation of unique plant communities.

SPORTS EVENTS

Benicàssim’s facilities and welcoming climate mean that many sports events are held here throughout the year:
