Description: A large defensive system of towers, walls, castles and garrisons attempted to defend the Valencian coast from the continuous attack of the Berber pirates. These constructions were very strong, but, sometimes... Those who inhabited them were very weak! The keepers in charge of its defense were poorly paid and often neglected their work a little, even falling asleep while the corsairs entered the town at night and with treachery. Our keeper will find a way to solve your problem: join the pirates!

Recommendations: Children must be accompanied by an adult during the activity.

Silence! Acting

The Valencian land has been, since the beginning of the 20th century. XX, a fertile ground for producers and directors from all over the world to establish not only their filming sets here, but even their homes. Join us on this journey to follow in the footsteps of scriptwriters, directors and actors who have worked bringing the Benicassim stages to celluloid and have been protagonists of the most bizarre stories and, even, of intrigues and gossip typical of the eclectic society of the last century. Berlanga, Bardem, Rafael Gil, Brigitte Bardot, Sara Montiel, Blasco Ibáñez are just some of those who will walk by our side. In addition, on this visit we will be accompanied by a sign language interpreter, in order to promote communication between deaf, hearing impaired and deafblind people and hearing people. The need to have this service must be confirmed 48 hours before the visit.

TICKETS AVAILABLE: at turismo.benicassim.es or at Benicàssim Tourist Office. (bank card payment only).
