El Trenet park night-time train rides

Enjoy special rides during the summer nights under the moonlight.

EL TRENET PARK

Located in El Trenet Square, next to L'Almadrava beach, El Trenet park is a charming 11,600 m2 railway theme park that pays tribute to the world of the train, so closely linked to the town of Benicàssim since the engineer of the Northern railway company, Joaquín Coloma, brought the railway to the town at the end of the 19th century.

Ever since, the evolution of the railway has been part of this municipality, which opened this park to offer children and adults the chance to enjoy rides on trains and miniature

locomotives faithfully reproduced to scale, in a circuit of more than one kilometre that includes stations, tunnels and bridges.

Visitors can board replicas of historic steam and electric trains, enjoying a ride of approximately 10 minutes through a landscaped environment.

In addition, the park has a very characteristic signposted botanical itinerary, which allows visitors to discover thirty unique species, making this green space an ideal place to enjoy and learn more about the park's history.

A children's playground and a life-size passenger carriage complete the facilities, making the park a unique experience that combines entertainment, education and nostalgia, ideal for a good family time during your visit to Benicàssim.

Since its beginnings, the Farja Railway Association has been in charge of maintaining and running the iron track circuit and informing visitors, opening to the public at different times depending on the season.

TIMETABLE

Train operating hours:

Sundays and bank holidays from 11am to 1pm all year round, except in high season.

In **July and August** the timetable is extended to three days a week: Tuesdays, Thursdays and Saturdays from **6pm to 9pm**. Last ride is offered 15 minutes before closing time.

SPECIAL ACTIVITIES

During the summer and Easter week, the park offers special themed activities, included at Benicàssim Kids program, as gymkhanas for children between 5 and 10 years old that combine fun and learning about the history of the region's railway.

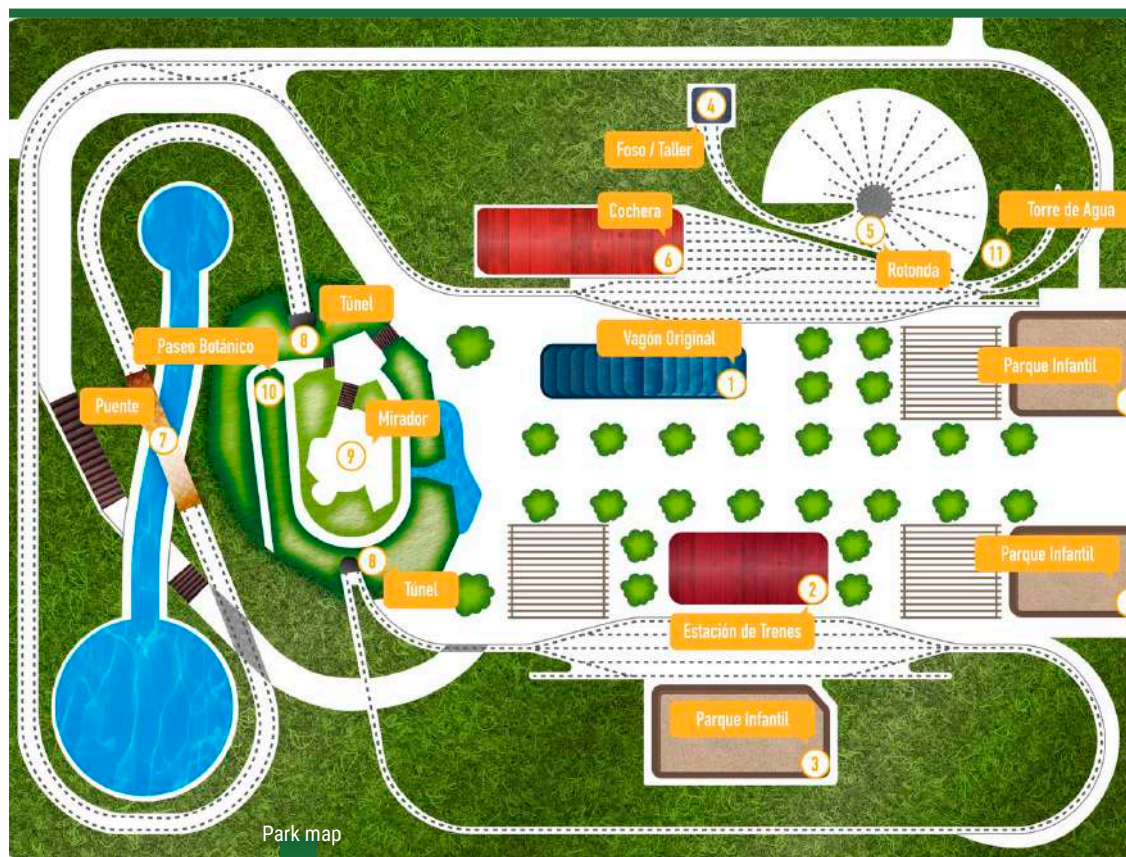

In the months of July and August there are night trains that allow you to take a small family train journey under the moonlight. Quite an experience!
